Dear Parents

After School Detention: update

I thought it would be helpful to update parents on some key information about after school detention which operates every day from the end of school until 4.00pm.

Our aim is to inform parents on the day before an after school detention has been issued; this is shared via text message and is followed up by a confirmation letter which will normally arrive after the detention is served. The feedback we have received from parents is that this system has worked well. To support some students we may also call their parents and email them via their school email address, so it is important that they check these regularly.

Please can I also remind parents that E-portal is an excellent source of information where you can access your child's behaviour records, both positive and negative, as well as view their reports online. If you have lost your parent log-in, please email s.south@tgsch.uk who will be able to re-issue this to you.

Yours sincerely

Ms C Mulhern
Deputy Headteacher: Care & Guidance
