

Tadcaster Grammar School

'A Culture of Excellence'

July 2018

Dear Parents

Parental Consent for Educational Visits

We require consent to be given electronically via the completion of an online form by parents for students to participate in local school events and educational visits.

An individual health and indemnity consent form will be required for a limited number of visits and this will be advised for the appropriate visit. The parental consent for educational visits letter can be accessed on the school website under the Parents tab/useful forms/parental consent for educational visits

<https://web.tgsch.uk/parents/useful-forms/>

Can I please request that you complete and submit the parental consent for educational visits form as soon as possible in order that your child can participate in the educational visits that the school offers. If this form is **not** submitted your child will **not** be able to participate in the visits.

If you have any questions please do not hesitate to contact me on r.solk@tgsch.uk.

Yours sincerely

Mr R Solk
Educational Visits Co-ordinator
